

Mysteries of the Great Lakes

Teachable Moment

May 16, 2008

A Teachable Moment is at hand for the IMAX debut of Mysteries of the Great Lakes! The Great Lakes Science Center in Cleveland will host a workshop supported by COSEE Great Lakes on May 16, 2008. Twenty science teachers, grades 4-10, are invited to apply for COSEE support to attend the day-long program. View the film, hear from the scientists, and learn new ways of teaching about the lakes! Parking, lunch, admission and stipend provided.

Tentative Agenda

8:45 am – 3 pm with extended opportunities on site

- 8:15 Arrive early for walk-through aboard the *S/V Denis Sullivan*, schoolship and flagship of the State of Wisconsin
- 8:45 Meet in Demo Lab. Workshop introductions and goals
- 9:00 IMAX Feature: Mysteries of the Great Lakes
- 10:00 Getting into the subject matter! Lou Palermo
- 10:45 COSEE Great Lakes overview. Activity from COSEE Greatest of the Great Lakes
- 11:45 Lunch
- 12:30 Update on sturgeon research and management in Lake Erie
Chris Vandergoot, ODNR, and Jim McFee, USFWS
- 1:30 Curriculum activities related to "Mysteries."
- 2:45 Workshop wrap-up and evaluation; invitation to coming COSEE and GLSC events
- 3:00 Adjourn. Visit Great Lakes Gallery on lower level for other teaching/learning ideas!

Complete the application and send to Dr. Rosanne Fortner, Director, COSEE Great Lakes. Email to fortner.2@osu.edu preferred, or fax to 910-278-6754.

Apply early -- support is limited!
